

# GRAN PACIFICA SURF PACKAGE

*MEATGRINDERS' REEF AND ASUCHILLO BEACH BREAK!*

Gran Pacifica is fortunate enough to have one of the best surf breaks in Central America. Our waves are so impressive that we've been featured on the cover of Surfing Magazine! The uncrowded beach directly out our front door features a hollow, super-fast left point breaking over a shallow reef that provides long rides in the tube perfect for experienced surfers.

Meanwhile, nearby Asuchillo Beach offers less dramatic, but fun almond-shaped barrels that can be handled by beginners and carved up by experienced surfers
